RE The Windsor restaurant piece — and what the next one should be

HI TIM —

You wrote the sharpest local marketing piece out of Windsor.

Home services looks like an even bigger gap. Want to run the same play together?

I saw YQG Digital's analysis of **700+ Windsor restaurants** and thought it was one of the best local marketing content pieces I've seen from Windsor. The fact that **37% still don't have a website** is staggering.

I'm Effin from **TAURUS AI**, where we build AI tools for marketing agencies. We'd love to explore doing something similar for **home services** — our numbers suggest an even bigger gap there.

Would you be open to a quick chat? 20 minutes, no pitch deck — just two shops who both care about Windsor's digital real estate comparing notes.

NEXT STEP

A 20-minute call, this week or next.
