EMAIL CAMPAIGN TEMPLATES

INITIAL OUTREACH SEQUENCES

Template 1: Home Services (MPlus/Breathe)

Subject: Scale Your Digital Presence to Match Your 18% Growth

Hi [FirstName],

I came across Emrill's impressive 9% revenue growth report and noticed MPlus secured 124+ new contracts in 2024 with an 18% increase in residential services.

What caught my attention: You've recruited 1,500+ new employees and expanded rapidly, but I noticed a gap between your exceptional offline growth and your digital presence.

Here's the opportunity: Dubai's home maintenance market is exploding (UAE FM market: \$8.13B in 2025), but most searches for "home maintenance Dubai" aren't leading to MPlus.

****Quick question:**** With 250+ professional staff and 15+ years of expertise, wouldn't you want to dominate the search results when Dubai residents need emergency repairs?

I've helped similar home service companies increase their local visibility by 290% and generate an additional AED 78K monthly revenue through strategic digital marketing.

Would you be open to a 15-minute call this week to discuss how we can match your digital growth to your impressive business expansion?

Best regards,
Effin Fernandez

Template 2: Travel & Tourism (Travel Saga)

Subject: 3 Consecutive TripAdvisor Awards Deserve Matching Digital Authority

Hi Jeetu,

Congratulations on Travel Saga's hat-trick! Winning TripAdvisor's Traveler's Choice Award 3 consecutive years (2023-2025) puts you in the top 10% of Dubai travel agencies.

Your growth is remarkable: 1 desk in 2021 → 33+ desks in 2024. That's extraordinary expansion in Dubai's booming tourism market (18.72mn visitors in 2024, +9.2% growth).

But here's what I noticed: Your awards and rapid growth aren't fully reflected in your digital presence. With Dubai tourism breaking records, you have a massive opportunity to capture more of those 18+ million annual visitors.

****The gap:**** Award-winning service with room for digital optimization

****The opportunity:**** Scale your online authority to match your offline success

I've helped tourism companies increase international bookings by 156% and expand reach to 23 countries through strategic digital marketing that leverages their credibility.

Would you be interested in a brief discussion about amplifying your triple-award success digitally?

Warm regards,

Effin Fernandez
